

WM-1100 Hot or Cold Water Meter

3/4" Multi-Jet Hot or Cold Water Meter

Overview

The H2O Degree WM-1100 water meter is the most versatile multi-jet type water meter available for submetering applications. The meter is available for hot or cold water applications. Along with its compact design, the removable register allows for pressure tests and line flush outs without damaging the internal components. The WM-1100 is capable of being installed in a horizontal position while adhering to AWWA C708 accuracies. With all of these features, the WM-1100 is the complete meter for any submetering application.

Features

- The H2O Degree WM-1100 is a 3/4" multi-jet water meter equipped with pulse output for submetering applications. Available for hot or cold applications.
- 5/8" x 3/4" size.
- Pulse value: 1/10 gal.
- Removable register allows for pressure tests and line flush outs without damaging internal components.
- Installation in both horizontal and vertical positions while adhering to AWWA C708 accuracies.
- California Approved (CTEP).
- National Approved (NTEP).
- NSF-61-G.
- Meets AWWA C708.
- Pulse output.
